

Digital Specialty Chemicals

470 CORONATION DRIVE • TORONTO, ON. • M1E 4Y4

PHONE: 416-231-2991 • FAX: 416-231-1935

Digital Specialty Chemicals is a Deliberately Developmental Organization that practices a Dual Bottom Line where employee growth is given equal importance to financial return. Located in the Greater Toronto Area, DSC specializes in the manufacture of organophosphorus and organometallic products and globally supply the Semiconductor, Pharmaceutical, and Industrial markets.

### QC Analyst

The primary responsibility of this position is to perform accurate chemical analysis on raw materials, process intermediates and finished products according to written procedures. Other responsibilities include calibration, maintenance and trouble-shooting of lab instruments such as HPLC, GC, IC, KF, ICP MS and NMR. The analytical group works closely with several other departments and timely communication of analytical reports is critical. To support the 24/7 operations of the production facility, this position may occasionally require flexible work hours.

#### **Qualification:**

- Minimum 2 years of experience as a QC Analyst
- Strong knowledge in at least two of the following analytical methods: HPLC, GC, IC, KF, ICP MS, NMR
- Demonstrated experience using wet analytical chemistry techniques.
- A willingness to learn and successfully apply specialized sampling techniques for air and moisture sensitive products.
- Strong communication skills with proven capability to advance multiple work tasks towards successful and timely outcomes.
- Demonstrated strong safety record and understanding and application of H&S principles in a Quality Control lab environment.
- Strong knowledge in Microsoft office, Chemstation and/or Empower

If you are interested in joining our team and contributing to our success through this position, please submit your resume as a pdf document in the format "yourname\_DSC\_QC Analyst" by e-mail to: Kim Osten, Secretary CIC Toronto Section, secretary@cictor.ca by **April 14<sup>th</sup>, 2017**.

***DSC is committed to equal opportunity employment. Thank you to all candidates for your interest, however only those who are selected will be contacted.***
